WASHINGTON, D.C. 20268-0001

MODIFICATION OF MAIL CLASSIFICATION SCHEDULE
REGARDING PARCEL SELECT NONPRESORT

Docket No. MC2013-29

**NOTICE OF THE UNITED STATES POSTAL SERVICE
OF MINOR CLASSIFICATION CHANGES
RELATED TO PARCEL SELECT NONPRESORT**
(January 8, 2013)

Pursuant to 39 C.F.R. §§ 3020.90 and 3020.91, the United States Postal Service (Postal Service) hereby gives notice of a minor change in the Mail Classification Schedule (MCS). The proposed change has been approved by the Governors and modifies the minimum volume requirement for Parcel Select Nonpresort. This change does not affect any prices or the product's description.

For Parcel Select Nonpresort, the new classification language will change the current volume requirement from "50 pieces per mailing" to "50 pieces or 50 pounds per mailing." This small change will permit commercial mailers, who meet the new weight requirement, to mail fewer than 50 Parcel Select Nonpresort pieces under certain conditions contained in the Domestic Mail Manual. This change has been requested by manifest mailers who wish to send certain residual mailpieces via Parcel Select.

The proposed change to the MCS is attached to this pleading as Attachment A. The Postal Service believes that this change is consistent with 39 U.S.C. § 3642 and will benefit customers currently using the Parcel Select Nonpresort service. The Postal Service requests that the Commission approve

the attached change by January 27, 2013, so that it will take effect in conjunction with the price changes approved in Docket No. R2013-1.

Respectfully submitted,

UNITED STATES POSTAL SERVICE
